Hi John,

Unfortunately, I don't think the OTC desk will be a fit due to volume requirements at this time. For your purposes, I think your best course of action would be to continue borrowing as you have been and executing the trade. When you are ready to pay off the loan, shoot us a note at privateclient@blockfi.com and we will be able to take care of this quite quickly to minimize any slippage.

Thanks John and let me know your thoughts!
